

2008 Prices Quick Access Investigative Reports

Would you like to instantly view an investigative report on your manager? We call this a "Quick Access Report." You can purchase and view the existing report first, then decide if you want to request an update.

After logging into the CheckFundManager.com Due Diligence Investigations Order Page, follow the link that says "Database" and search for your manager or fund name by selecting either "LastName" or "Company Name." Enter the first few letters of the name in the entry field, then hit Submit.

A screen will appear with your matches. Scroll the screen to the right to see report dates and to find the latest report of interest. Once you have found your manager, click on the link on the left side of the screen and follow the prompts until you see the following screen.

Please Choose One	
<input type="checkbox"/>	I'd like a quick access report.
<input type="checkbox"/>	I'd like a new report and a quick access report while I wait.
<input type="checkbox"/>	I'd like a new report.

Choosing "I'd like a new report and a quick access report while I wait" will copy the existing "Quick Access Report" into your report viewing area, and will also prompt our investigators to begin research. Choose "I'd like a quick access report" if you only want to view the existing report. Choosing "I'd like a new report" prompts our investigators to initiate new research.

Cost of a "Quick Access Report" without an update is approximately half the cost of the original investigation as follows:

- \$405 COMPREHENSIVE principal manager and company Quick Access Report**
- \$275 COMPREHENSIVE manager only Quick Access Report**
- \$215 BASIC principal manager and the company Quick Access Report**
- \$145 BASIC manager only Quick Access Report**

A \$25 surcharge is applied to view an existing report while waiting for an updated investigation.

Prices and service description apply to US or UK based manager reports. International reports can also be requested from your sales contact.
